EDUCATION

Shanghai Jiao Tong University (SJTU), Undergraduate Sept. 2024 - June 2028

B.S. in Computer Science and Technology (Zhiyuan Honors Program, John Hopcroft Class)

- **Honors:** Zhiyuan Honors Program (Top 10% of the university), Zhiyuan Honors Scholarship (2024, 2025), Academic Excellence Scholarship (2025). Expected graduation in June 2028.
- **Selected Coursework:** Programming Language Design and Implementation (4.3 / 4.3), Machine Learning (4.3 / 4.3), Natural Language Processing and Large Language Model (4.0 / 4.3)

RESEARCH

Multi-Block Diffusion Language Models

Yijie Jin, Jiajun Xu, **Yuxuan Liu**, Chenkai Xu, Jiajun Li, Kai Yu, Pengfei Liu, Zhijie Deng.

EMNLP 2026 main

- Extended Block Diffusion Language Models from single block to multi block, improved decoding parallelism (increases average Tokens Per Forward pass (TPF) from 3.47 to 6.19 and improves average accuracy from 79.95% to 81.03%) by MultiTF post-train and Diffulex serving engine.

PROJECTS

diffulex: dLLM Serving Engine

Apr. 2026 - Present

- Participating in research on efficient serving systems for diffusion language models, currently focusing on runtime execution, inference engine evaluation, and serving performance analysis.
- Integrate Fast-dllm-v2 strategy into the engine.
- Conduct researches on Multi-Block Diffusion Language Models.

macchiatoBot (LLM Agent Framework)

Nov. 2025 - Present

- Designed and implemented an OS kernel-like architecture to decouple Agent reasoning from tool execution, permission management, and lifecycle control, enabling concurrent multi-agent workflows and multi-agents abilities.
- Supported multi-user execution with isolated workspaces and concurrent session management; deployed on SJTU's Shiyuan Forum with over 100 active users chatting with it.

AWARDS & HONORS

- **4th Place**, The 1st SJTU HPC Comprehensive Ability Competition "HelloHPC", 2025

OTHERS

- **Head of Music Department**, SJTU Art Center July 2025 - June 2026
- **Teaching Assistant**, Programming Language and Data Structure-III July 2026
